

Fight Back™ Equine (Australia) - Data Sheet

Fight Back™ is a powerful immune system support supplement designed to help natural immune function. It provides powerful support for the immune system to help produce a strong immune response when horses are challenged by infections or allergens.

Fight Back™ is best fed daily when used to target an existing issue. For best results, feed Fight Back™ for a minimum of 7-10 days. Most will see results within days; however, this will depend on the severity of the condition.

Recommended Initial Feeding Rate:

Initially feed at a rate of 2 scoops per day, depending on your horse's reaction this rate can then be raised or lowered as needed. Many horses maintain very well on a ¼ of this amount.

Active Ingredients:

Ingredient	Spec per kg	Spec per 88g (Initial Feeding Rate)	Spec per 22g (Minimum Maintenance Rate)
Yeast Extract*	808g	71g	18g
Vitamin C	20g	1.76g	0.2mg
Vitamin E	5g	440mg	98mg
Choline	4.54g	400mg	100mg

*Special yeast extract selected to help with rapid cell replication to support the immune system and natural healing

****Please note, steroids will interfere with the effectiveness of this product****
